

# Arturo Lopez, MD

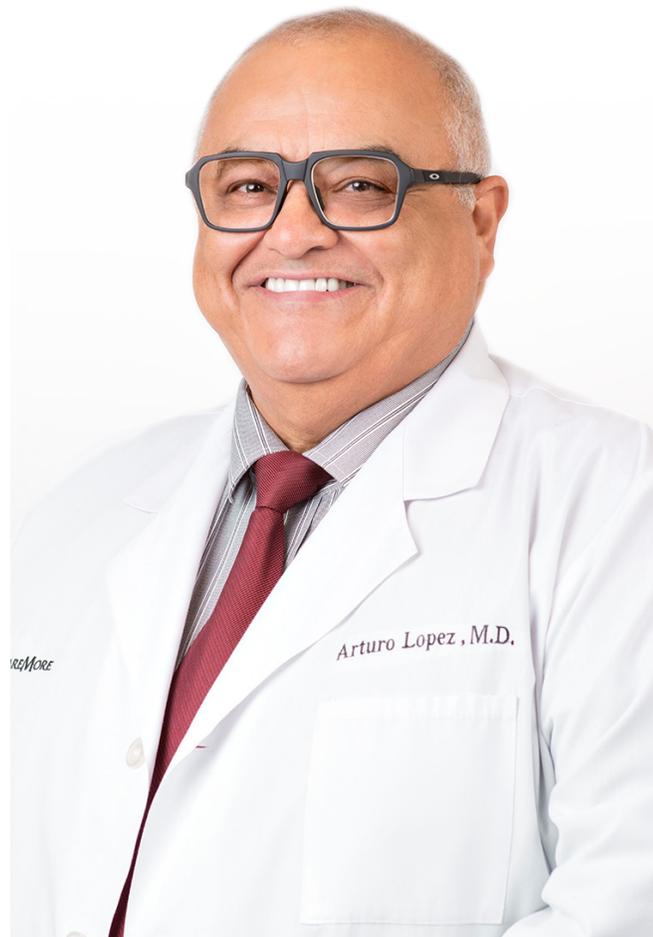

## PRIMARY CARE PHYSICIAN

As a family medicine doctor with over 40 years of experience in the health field, I have provided quality care to CareMore Health patients for over two decades and serve on the CareMore Medical Group Board of Directors. I also have extensive experience managing pulmonary conditions as a former registered respiratory therapist. What I'm most excited about in my primary care practice is giving my patients the best medical care using proactive diagnostic testing and health guidance. My team cares for patients at two convenient locations throughout Los Angeles County to assist you on your health journey. In my spare time, I love starting my day with a walk, listening to oldies and reading.

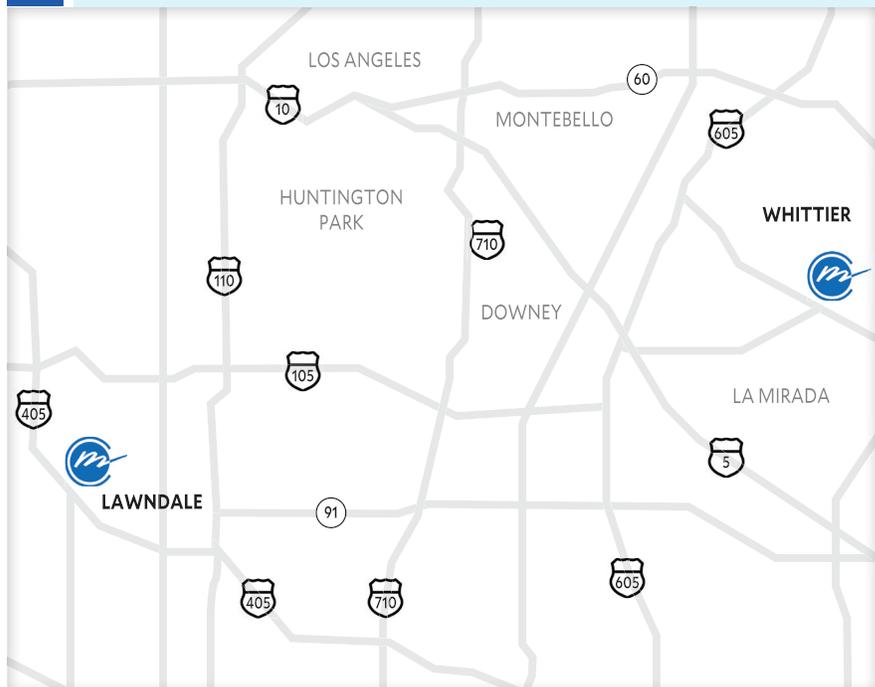

**Education:** Autonomous University of Guadalajara, MX

**Residency:** Southside Hospital in Bayshore, NY

**Office Languages:** English, Spanish

**“ I’ve always followed the CareMore Health motto: my patients are my priority. ”**
