

Edward Drake, DO, MFA

PRIMARY CARE PHYSICIAN

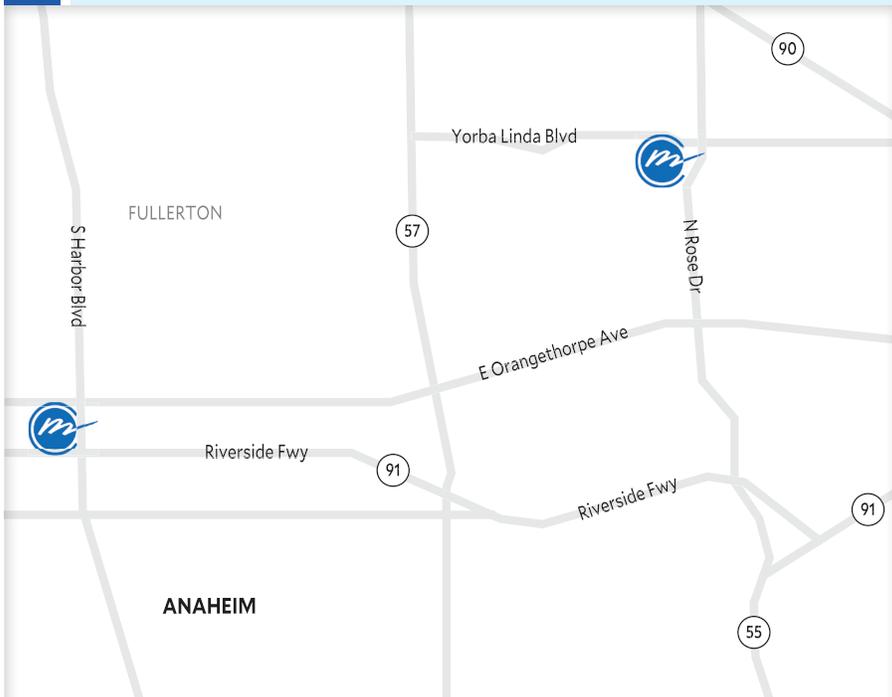

After teaching ceramics for three years and working as an emergency room orderly for four years, I realized that helping people is eternally rewarding. That's when I decided to become a physician. I joined CareMore Health in 2003 because they offer comprehensive medical care provided in a patient-first environment, with care and compassion. In my free time, I enjoy ceramics, traveling and swimming.

Education: Bachelor of Arts degree from Pomona College in Claremont, California
